(1) Call to Order

Meeting called to order at 7:04 pm

(2) Roll Call

In attendance

-Sydney Snape
-Sandy Lun
-Maximillion Cadillac-Molson
-Jaicee Payette

(3) General Meeting minutes

1. Discussion about doing a call-out for new members

- Will hopefully happen after town hall and the expression of students wanting to get involved.
- Needs to be an official call out for the secretary, however Jaicee is in the current meeting and has expressed interest for the position.
- This committee needs to put a call out for 3 more members to fill project manager roles for some of the projects we are doing. Madeline has put out interest for a project manager position but requires help.
- This committee wants there to be representatives from every minority in law school.
- Would like to do a call-out for 3 more members and require them to do maybe a 200 word submission as to why they want to join the committee.
- We do not want to designate presidents or vice-presidents.
- This committee wants every single person to have equal authority to contribute, calling certain members project managers allows them more discretion to take initiative.
- Anyone who wants a project to manage should be able to have a project to manage.
- For the call out, it will be a 150 word summary about what the committee does. This summary will be added to the SLS website as well so students can see what the committee does.
- We will be doing a poll for new members on facebook.

2. Meeting time

- Meeting time is an issue with this committee in particular, it needs to be figured out whether or not weekly or bi-weekly meetings will work.
- Sydney would like to schedule a bi-weekly standing meeting at a regular time
- Sandy suggested a poll after finding the new members.

3. Secretary position

- Jaicee has volunteered for this position and is available for meeting times in the future.
- This committee wants transparency and the ability to communicate with all students who are curious as to its workings.

4. Updates

- Maddy has obtained the funding for the new platforms, waiting for IT approval from TRU.
